

# Take a Look

## C.H.A.D. The Change

Take a gander have a look  
Inside my book  
My auto bio from fool to pharoah the title  
Real revolutionary like Stokely Carmicheal  
Not that fake shit like Cinco De Mayo  
Off rip as a lickle child  
Heart of a lion  
In fact yappin ya piehole  
I'd crack ya back like a chiro-  
Practer break or fracture not an actor never got a line  
Had mo stripes than some zebras rockin a-di-das  
Got a dime nada gotta chop dime potna  
Try to drop a dime pop em i had drive off outerdrive  
Long johns hand me downs and noddles ramen  
Rock bottom bottom line from bottom I climbed  
What i devised in the mirror i despised  
Headed for my own demise original planned revised  
Divine by design strayed but now I'm back on line  
Better than picked outta line or even gettin out on bond  
Lotta crime outta line i apologize  
Lifetime opposite of Al B. Sure but I'll be fine  
One wave of baton outta space outta mind  
Tryna change the world one way at a time  
One is rhyme  
Rhyme-a-don (Ramadan)  
Spiritually cleanse from within fuck that swine  
Though I'm not an Islam  
Practicer  
Proly cuz Arabics were the first African capturers  
Rape slaughter massacre that occurred pass the word  
And still happens to this day but hey  
Niggas gettin slayed yet you look the other way  
People gone be people for em all I do is pray  
And or peel and I will if ever I feel  
Similar to Samuel in that movie time to kill  
The real spill  
General  
This is not a drill  
Deep water no gills

I am like fish  
Camera man like fisherman  
I'm gettin reeled  
However I'm hardly thrilled  
Fame game lame dames bunch of Holyfield's  
Brains grey give they graves bunch of daffodils  
I'm gettin chills  
Cold world  
Minus Fayetteville  
Minus the windshield  
Cold world  
Minus Fayetteville  
Minus the windshield
