

Miniature Parade

Bob Mould

I say to you / secrets that I hold so dear

I'm putting all my emotions on display

What i say to you / maybe it's that time of year

Would you like to see my miniature parade?What I say to you / I thought about those broken hearted

Crazy years and I hope that they're gone

What I say to you will always stay between your loving arms and mineWhy'd you have to tear me up? Didn't I
seem sad enough?

I can play the clown for you / is that what I'm supposed to do?Sun is falling down like rain, the clouse are
mixed with velvet pain

Minature parade I bring to you

Try to see the reason i get mixed up when I open up my

Hopes and fears and wants and needs to you
