Over The Mountain

Stryper

Over the mountain take me across the sky
Something in my vision, something deep inside
Where did I wander, where'd ya think I wandered to
I've seen life's magic, astral plane I travel through
I heard them tell me that this land of dreams was now
I told them I had ridden shooting stars and said I'd show them how
Over and over, always tried to get away
Living in a daydream, only place I had to stay
Fever of a breakout, burning in me miles wide
People around me talking to the walls inside

I heard them tell me that this land of dreams was now
I told them I had ridden shooting stars and said I'd show them how
Don't need no astrology, it's inside of you and me
You don't need a ticket to ride with me, I'm free, yeah
Over and under in between the ups and downs
My mind's magic carpet ride, it goes round and round
Over the mountain, kissing silver inlaid clouds
Watching my body disappear into the crowd
Don't need no astrology, it's inside of you and me
You don't need a ticket to ride with me, I'm free, yeah
