

# Little Goodbye

Chelsea Williams

How light I felt  
the night drivin' up from L.A.  
How quickly I was brought  
down by a little goodbye

Noo... Donâ€™t you let her slip  
by without a sound  
Noo... it will be much better  
to fight one she couldn't bring down

Ooohhh... oohhh...

My hurried mind  
is quiet maybe just this one night  
This isn't right  
And no one saw it coming  
up from behind

Noo... Donâ€™t you let her slip  
by without a sound  
Noo... it will be much better  
to fight one she couldn't bring down

Ooohhh... oohhh  
Ooohhh... oohhh

How quickly I was brought  
down by a little goodbye
