

# Nudie Bar

## One-Eyed Doll

Here I am alone  
Depressed and waiting by the phone  
I'm doubting my beauty  
My boyfriend's out at the nudie Gonna rig up some propane tanks  
Gonna light the fuse and kill some skanks  
Gonna stand back and watch it burn  
Maybe that will make him learn Nudie Bar  
You stole my boyfriend Nudie Bar  
You're gonna pay Nudie Bar  
All you lousy boyfriends Yeah yeah yeah  
You're going to die today I've completed my mission  
And now I'm rotting in prison  
But things have worked out in the end  
Cause I've got a new girlfriend
