

# Fire With Fire

## Gossip

It ain't the end of the world, girl  
You'll find your place in the world, girl  
All you gotta do is stand up and fight  
Fire with fireBig or small makes no difference  
We're gonna tell them what shape you'll be  
All you gotta do is stand up and fight  
Fire with fireYou gotta run on, we're gonna find you  
Who, ho, oh, you turn around  
We're right behind you yeah, eh, ey  
Can't you see that the bigger we are  
The harder you'll fallNow it ain't the end of the world, girl  
You'll find your place in the world, girl  
All you gotta do is stand up and fight  
Fire with fireIn the end no one is innocent  
Big or small it makes no difference  
Get up, stand out  
And hold your head up higher and higher  
HigherYou gotta run on, we're gonna find you  
Who, ho, oh, you turn around  
We're right behind you yeah, eh, ey  
Can't you see that the bigger we are  
The harder you'll fall
