

# Hot and Cold

## Ex Hex

So hot so cold  
So young so old  
You look at me with snakelike eyes  
I cannot see through your disguise

Weâ€™re parallel  
I can tell  
Youâ€™re acting like the foolish kind  
Keep trying to talk to me through your mind

I want you more the more I know  
The lines that cross and the dots that goâ€™

So hot so cold  
So young so old  
Youâ€™re acting like the foolish kind  
Keep trying to talk to me through your mind  
So hot so coldâ€™
