

# Anything You Want

## Dwarves

I'll do anything you want, give you anything you need  
I'll do anything you say as long as you're talking to me

    But it breaks my heart so bad cuz it's so plain to see

You ain't lonely, you don't need nothing and you don't want me No matter what I do, no matter what I say

    No matter how I try, you're always walking away

    Still it breaks my heart so bad cuz it's so plain to see

You ain't lonely, you don't need nothing and you don't want me If I open up my heart, spill it on to the floor

    Would you draw me a map and you show me the door?

    I'll do anything you want, give you anything you need

    I'll do anything you say as long as you're talking to me

    But it breaks my heart so bad cuz it's so plain to see

    You ain't lonely, you don't need nothing and you don't want me

    You ain't lonely, you don't want nothing

        And you don't want me
