Danzig

Advisory - the following lyrics contain explicit language:

Bad luck wind been blowin' on my back
I was born to bring trouble wherever I'm at
With the number 13 tattooed on my neck
That ink it starts to itch, black gon' turn to red I was born in the soul of misery and I never had me a name
They just give me a number when I was young Got a long line of heartache, I carry it well
The list of lives I've broken reach from here to Hell
And a bad luck wind been blowin' on my back
Pray you don't look at me an' I pray I don't look back I was born in the soul of misery and I never had me a
name
They just give me a number when I was young Found me with a preacher man, confessin' all I've done
Catch me with the devil playin' 21
And a bad luck wind been blowin' on my back
I was born to bring trouble wherever I'm at I was born in the soul of misery and I never had me a name
They just give me a number when I was young
I was born in the soul of misery and I never had me a name
They just give me a number when I was young When I was young, when I was young, when I was young
