

Next Breath

Tank

As I pour this glass of wine
I hope it helps me express these thoughts of mine no
I don't think I've ever felt the way I feel for you girl
So I'm turning these lights down and I'm telling you right now I don't think I've ever, ever really told you how
much I need you
Girl I need you more than my next breath
Never would I ever leave you, 'cause darling I need you
I need you more than the next breath, I need I'm sorry for the times that I stressed you out
And I'm thankful for the times you ain't put me out your house
(Yeah oh)
I fell in love more than once but every single time it was with you girl (you) I don't think I've ever, ever really
told you how much I need you
I need you more than my next breath
Never would I ever leave you, 'cause darling I need you
I need you more than the next breath, I need This is the part where we slow it down
Make love to your mind it's OK you can think out loud
(You can be as loud as you want to girl)
It's four in the morning and I'm pouring out my heart girl
So much to say I don't know where to start girl oh (Oh yeah) I don't think I've ever, ever really told you (never
told you) how much I need you (how much I need you)
I need you more than my next breath
I never would I ever leave you, 'cause darling I need you ('cause darling I need you)
I need you more than the next breath, I need I don't think I've ever, ever really told you how much I need you
I need you more than my next breath
Never would I ever leave you, 'cause darling I need you
I need you more than the next breath
