

# Dance (With U)

Lemar

Dance dance dance  
Dance dance dance  
Makes me want to dance When I saw you girl I knew  
That you were something out of a story book  
And I told me heart that we gotta take one look  
I imagine both me and you  
Doing what lovers do  
Holding hands in the park  
Making love girl after dark (The ooh the ahh the ooh)  
The sounds of the birds and the bees  
Bringing you to your knees  
Is all I want to do yeah [Chorus]  
Dance dance dance, dance dance dance  
Makes me want to dance  
I just want to dance with you  
I just want to roll with you  
I just want to be the one who really gets to know you  
I don't care and I don't mind  
I will spend the whole of my time  
This is what it takes for me  
To hold it down and make you mine Every day spent like the first  
Taking us right back to the birth of our love  
Seems to me like I never get enough  
Think about the way that we first kissed  
It was a night like this  
We stayed together every day, ever since (The ooh the ahh the ooh)  
The sounds of the birds and the bees  
Bringing you to your knees  
Is all I want to do yeah [Chorus: x 2]  
The only thing between us is the floor  
The DJ's playing our favourite song  
So let's not take too long  
I want to dance all through the night with you  
Dance, dance daaaance, yeah I just want to dance with you [Repeat] I just want to roll with you  
I just want to be the one who really gets to know you  
I don't care and I don't mind  
I will spend the whole of my time  
This is what it takes for me to hold it down and make you mine Dance dance dance, dance dance dance

Makes me want to dance
