Granite Statue

Salad

Sitting in a garden with
A face like a granite statue
I am winter solstice waiting
Like a granite statueJust like a granite statue
I will come when the weather's fine
Just like a granite statue
I want to know what's on your mindEvery single time that I come here
I can't tell you what I feel
I am so polite to you and courteous
I know that it's not real
I long to grab a hold of you
And take you in my arms tonight
But when I feel I'm going to
My courage flies away and I turn coldChorus:
Just like a granite statue
Statue, is that you, statue
Just like a granite statue
I will come when the weather's fine
But I'm a granite statue
And I know you'll not ever be mine
Just like a granite statue
Statue, is that you, statue...
