

# Granite Statue

## Salad

Sitting in a garden with  
A face like a granite statue  
I am winter solstice waiting  
Like a granite statueJust like a granite statue  
I will come when the weather's fine  
Just like a granite statue  
I want to know what's on your mindEvery single time that I come here  
I can't tell you what I feel  
I am so polite to you and courteous  
I know that it's not real  
I long to grab a hold of you  
And take you in my arms tonight  
But when I feel I'm going to  
My courage flies away and I turn coldChorus:  
Just like a granite statue  
Statue, is that you, statue  
Just like a granite statue  
I will come when the weather's fine  
But I'm a granite statue  
And I know you'll not ever be mine  
Just like a granite statue  
Statue, is that you, statue...
