

In My Room

Albert Hammond Jr.

Whats the use of all this talkin
I can hear you as you walk away
Here in my room thats where Ill be
In my roomAfter all youre so excited
By all the dick you get invited to
But now I know you mustnt change
I wont go back cause you dont want meWell, I miss you already
I miss you already
You see it got all so heavy
I miss you alreadyI'm so afraid that Ill wake up
All alone with the door shut
In my room thats where Ill be
In my room, shes in my room
