

# Come to Me Slowly

**Margo Guryan**

Come to me slowly  
So I can see your eyes  
Come to me slowly  
So I can see your smile  
Watch it undo me  
Now come a little bit closer to me  
And say you love me today Come to me slowly  
And tell me  
Tell me what I want to hear  
Come to me slowly  
Till I can feel your lips  
Talkin' on my lips  
Be everything  
Your eyes have silently promised to be  
Come to me slowly and make love to me
