

# Splinter - Scott Hutchison & James Graham

## The Fruit Tree Foundation

Iâ€™ll take whatever  
Your dirty mouth can ask  
Iâ€™ll take the splinters  
If you only miss my eyes

And we can hold the fire  
We can hold the fire  
We can hold the fire  
Til it burns out

And we can only fire  
We can only fire  
We can only fire  
We held the fire til it burned out

I can take the cuttinâ€™  
If you only miss my heart

I braved the winter  
I did everything you asked  
Still have the splinter  
But it never left a mark

Thereâ€™s no way  
Thereâ€™s no way  
You can be  
All I ask

You canâ€™t be all I ask

And Iâ€™m just passing through  
It wonâ€™t be the last  
And now youâ€™re running down the front path  
Holding all I have

I can take the cuttinâ€™  
If you only miss my heart

And if it all amounts to nothing  
Then Iâ€™ll always wear the scars

Cause I always took the cuttinâ€™  
And you always missed my heart  
Although it amounts to nothing  
Then nothingâ€™s left this mark

Iâ€™ll walk ye to the darkest corner  
Iâ€™ll walk ye to the darkest corner
