Belly Up

BIGR

Our old world is hard to find
I doubt it was ever mine
To keep
Were you always this unkind?
(We lie belly up
in the pool of us) (2x)
I don't recognize your doubt
Please say something
Darling shout at me
How unfair to shut me out
(We lie belly up
in the pool of us) (4x)

I must say
I'll always love you
Even if it hurts
Have I driven us to this?
Our bickering
Has reached it's limit
I can't remember our last kiss
(We lie belly up
in the pool of us) (4x)
(I must say
I'll always love you
Even if it hurts) (4x)
