

# No Lie

## Wet

"Take a chance on me" she said I'll be here for a while  
I should have seen the lies through her smile  
Why didn't I lie to you?  
Why didn't I lie to you?  
All the problems that you've had you'll blame them all on me  
Take away my eyes so I can't see you  
Why didn't I lie to you?  
  
Why didn't I lie to you?  
Take a chance on me again, I'll try and make it right  
But I won't hear another lie tonight  
And why didn't I lie to you?  
Why didn't I lie to you?  
Why didn't I lie to you?  
Why didn't I lie?
