

# Spent Venom

## Satellites

There's a dirty air hanging over the room  
A hundred words I wish could be unspoken  
Spent venom rivers running down the walls  
Even though I am, I'll never say that I'm sorry  
Wires under skin & bone to my soul, wires under skin & bone  
Even though I'm right, I'll let you think that I'm sorry  
I don't want a fire anymore, pour on water  
I don't want a fire anymore, pour on water, pour on water, wohh  
Turn our sanctuary to stone wohh, let the  
snakes lose in the home, wohh  
Dig a mile under brick and stone till fingers are bone  
I'm looking for something, I know a heart lies somewhere here  
Plastic skin stretched over bones  
Synthetic flowers won't make a happy home  
Open windows won't clear this air  
I no longer care, let alone feel sorry  
I don't want a fire anymore, pour on water  
I don't want a fire anymore, pour on water, pour on water, wohh  
Turn our sanctuary to stone wohh, let the  
snakes lose in the home, wohh  
Dig a mile under fucking stone till fingers are bone  
I'm looking for something, I know a heart lies somewhere here  
The search is on, I'm looking for something,  
anything  
Buried deep in the aftermath I know there's something  
Come on, come on
