

Our Lips Are Sealed

The Go-Go's

Can you hear them
They talk about us
Telling lies
Well that's no surpriseCan you see them
See right through them
They have no shield
No secrets to revealIt doesn't matter what they say
In the jealous games people play
Our lips are sealedThere's a weapon
We must use
In our defense
SilenceWhen you look at them
Look right through them
That's when they'll disappear
That's when you'll be fearedIt doesn't matter what they say
In the jealous games people play
Our lips are sealed
Pay no mind to what they say
It doesn't matter anyway
Our lips are sealedHush, my darling
Don't you cry
Quiet, angel
Forget their liesCan you hear them
They talk about us
Telling lies
Well that's no surpriseCan you see them
See right through them
They have no shield
No secrets to revealIt doesn't matter what they say
In the jealous games people play
Our lips are sealed
Pay no mind to what they say
It doesn't matter anyway
Our lips are sealed
Our lips are sealed
Our lips are sealed
