Avalanche

Oddo Bam

Your hair to one side Oh my Oh my
Youâ€™ve got me thinking of you tumblinâ€™
Down the cliff again
But itâ€™s me instead
Iâ€™m on the rocks
Iâ€™m on the ground
I thought Iâ€™d find you by now

Hey avalanche
Donâ€™t run away
Youâ€™ve got so much going
I donâ€™t know who can stop you from rolling on
Hey avalanche itâ€™s okay.
Bury me deep between your neck and where your hair begins

Snow storm, expose
Your silky neck and reflect
Your heavenly repose

No one understood the things you did
No one ever read the poems I wrote
You press it down and capture various
Smiles and frowns
I froze I suppose
I was staring too long anyway

You close me in
Every time you begin again
You close your eyes and lock me out
Their oceans crystallise
You melt me out
But I wonâ€™t drown this time around.
