

# Avalanche

## Oddo Bam

Your hair to one side Oh my Oh my  
Youâ€™ve got me thinking of you tumblinâ€™  
Down the cliff again  
But itâ€™s me instead  
Iâ€™m on the rocks  
Iâ€™m on the ground  
I thought Iâ€™d find you by now

Hey avalanche  
Donâ€™t run away  
Youâ€™ve got so much going  
I donâ€™t know who can stop you from rolling on  
Hey avalanche itâ€™s okay.  
Bury me deep between your neck and where your hair begins

Snow storm, expose  
Your silky neck and reflect  
Your heavenly repose

No one understood the things you did  
No one ever read the poems I wrote  
You press it down and capture various  
Smiles and frowns  
I froze I suppose  
I was staring too long anyway

You close me in  
Every time you begin again  
You close your eyes and lock me out  
Their oceans crystallise  
You melt me out  
But I wonâ€™t drown this time around.
