# Katie Q

## Thirsty Merc

She gives me everything I need
Everything except a guarantee
She doesn't know that I'm losing sleep,
Though, does she nowNo matter how hard I try
She has a reason just to pass me by
She makes me cold in the summertime
Doesn't she nowOh Katie Q
Can I be with you
I know the love is true
My Katie QI love your skin
And I love all within
You make me wanna sin
My Katie Q
My Katie QShe like a puppy when she wants her way
She tell the weatherman its "Sunny today"
She right there but so far away
Katie Q
Katie QShe dance naked in her crocodile shoes
She only mix within the circle she choose
She make a living outta singing my blues
Katie QOh Katie Q
Can I be with you
I know the love is true
My Katie QI love your skin
And I love all within
You make me wanna sin
My Katie Q
My Katie QOh Katie Q
Can I be with you
I know the love is true
My Katie Q
Katie QI love your skin
And I love all within
You make me wanna sin
My Katie Q
My Katie Q
My Katie Q
