

# Walking With Christ

**Jenny Phillips**

There is so much I cannot see  
So I trust in the eyes of God and let Him lead  
If I will walk His path  
He promises all that He has

I believe that faith is something real  
Though it's not an easy way I follow still  
I walk a different road  
I'm not ashamed to go

We journey to Zion we're coming to Christ  
We're walking with God and He's changing our lives  
A mighty flame that never dims from fires burning deep within  
We'll shine our light and hold it high  
We're walking with Christ

Lord I will come  
How could I stay?  
After what you have done  
Lord, I will come
