I Go for You

Andy Gibb

Oh babe, I got it crazy
We both been broken in sorrow
We need to try for tomorrow
Where our feeling start and I lose my heart to youOh lover, I've just discovered
My life was falling around me
I was lost when you found me
And you turned my head and my fire was fedI go for you
You light up the darkest night
You keep shining through when ev'rything's out of sight
I go for you
You light up the darkest night
And you put all the life back in my eyes
You're making me feel like I've never felt
I never was one for a party, look at me nowOh babe , we must be crazy
We could be living in heaven
I'd take you there in a second
Never been this far
Gotta trust our heartsI go for you
You light up the darkest night
You keep shining through when ev'rything's out of sight
I go for you
You light up the darkest night
And you put all the life back in my eyes
You're making me feel like I've never felt
I never was one for a party , look at me nowI go for you
You light up the darkest night
You keep shining through when ev'rything's out of sight
I go for you
You light up the darkest night
And you put all the life back in my eyesI go for you
You light up the darkest night
I keep shining through when ev'rything's out of sight
I go for you
And you put the life back in my eyesI go for you
(break)
I go for you
(break)
I go for you (fade)
