

# In Your Hands

## Joshua Radin

My oh my this hair of gold  
Put it back from over your eyes  
I know you're scared and alone,  
    But you don't have to hide  
    You need to take your time  
        So I'll set you free  
I don't want you when you're blind  
    And in time,  
    You'll come back to meChorus:  
        So I'll wait  
        For that day  
        When I hear you say,  
    "Don't drop me cause I'm hopin'  
        To land in your hands."  
        And if you don't believe  
    I promise to make you see  
        I'll come find you  
        Remind you it's time  
        You are mine  
    Forever mineAnd now it's winter setting in  
        Two days since all lengths time  
        If you don't like the shape you're in  
        This year there's peace to find,  
        But if you feel like you could fall  
        Maybe I could fall, too  
        But if you give it, give it all  
    Cause if you promise me the best of youChorus:  
        Then I'll wait  
        For that day  
        When I hear you say  
        Don't drop me  
    Cause I'm hopin' to land in your hands  
        And if you don't believe  
    I promise to make you see  
        I'll come find you  
        Remind you it's time  
        You are mine  
    Forever mineYou're scared if you wait too long  
        Your light won't guide me home

But don't be frightened by the dark before dawn  
Sometimes we must go head alongChorus:  
    Till then I'll wait  
        For that day  
    When I hear you say,  
        "Don't drop me  
Cause I'm hopin' to land in your hands."  
    And if you don't believe  
        I promise to make you see  
        I'll come find you  
        Remind you it's time  
        You are mine  
        Forever mine
