I Don't Know

Clint Brown

There is a reason I came here today
I came into this place to give Him all the praise
When I think of His goodness
And what Heâ€™s done for me
My soul cries hallelujah
Thank you God for saving me

I donâ€™t know what you came to do (echo)
I know what I came to do (echo)
I donâ€™t know what you came to do (echo)
I know what I came to do (echo)

I came to clap my hands (my hands)
I came to stomp my feet (my feet)
I came to lift my voice (my voice)
To get up out of my seat

I came to clap my hands (my hands)
I came to stomp my feet (my feet)
I came to lift my voice
Get up out of my seat
I came to clap my hands (my hands)
I came to stomp my feet (my feet)
I came to lift my voice
I came to get up,
Get up, get up
