Baby Come Back

No Mercy

Spendin' all my nights, all my money going out on the town
Doing anything just to get you off my mind
When the morning comes, I'm right back where I started again
Trying to forget you is just a waste of time
Baby come back, any kind of fool could see
There was somethin' in everything about you
Baby come back, you can blame it all on me
I was wrong and I just can't live without you
All day long, wearing a mask of false bravado
Tryin' to keep up a smile that hides a tear
But as the sun goes down, I get that empty feelin' again
How I wish to God that you were here
Baby come back, any kind of fool could see
There was somethin' in everything about you
Baby come back, you can blame it all on me
I was wrong and I just can't live without you
Now that I put it all together
Give me the chance to make you see
Have you used up all the love in your heart
Is there nothing left for me?
Is there nothing left for me?
Baby come back, any kind of fool could see
There was somethin' in everything about you
Baby come back, you can blame it all on me
I was wrong and I just can't live without you
I was wrong and I just can't live
Baby come back, any kind of fool could see
There was somethin' in everything about you
Baby come back, you can blame it all on me
I was wrong and I just can't live without you
Baby come back
