

Electricity

Omd (orchestral Manoeuvres In The Dark)

I'm an artist honey you'll see me sometimes
Making crazy pictures out of music and rhymes
Costume changes performed with poise
Dancing in formation with a couple of boys
I take them on the road with my reel-to-reels
I'm an artist honey you know how that feels?
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
It's all about wonder the power to be
Like thunder expressing electricity
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
Disco-Tex and the Sexelettes
Call it performance, call it art
I call it disaster if the tapes don't start
I've put all my life into live lip-sync
I'm an artist honey you gonna get me a drink?
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
It's all about wonder the power to be
Like thunder expressing electricity
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
Disco-Tex and the Sexelettes
