

Up Against The Wall

Boys Like Girls

It's over, look out below
I'm wasted, I still taste it
Yeah it's so hard to let go
So breathe in now, and breathe it out
The forecast, A car crash
It's looking like another
Breakdown, rebound
This could be my last goodbye
You cross your heart, I hope to die
And I can't deny your eyes
You know I try to read between the lines,
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all
No rewinds, no second times
And I won't break, I won't waste
Everything you left behind
So don't follow, just let it go
The weather's been better
Don't let it be another
Breakdown, rebound
This could be my last goodbye
You cross your heart, I hope to die
And I can't deny your eyes
You know I try to read between the lines,
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all
All the nights spent sitting at home
When you were out there on your own
All the nights waited by the phone
When you were going in alone
And all your different faces
And all your different ways
Are making everything a mess
And all I'm saying is that
I have different places and
All the complications led to this
And I can't deny your eyes
You know I try to read between the lines,
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all
And I can't deny your eyes
You know I try to read between the lines,

I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all
