

Don't Put a Lock On My Heart

Joe Ely

I got your letter in the mailbox, honey
Love flies, when you're far away
When I get home I'll give you all o' my money
Don't put a lock on my heart
Don't put a lock on my heart
Don't put a lock on my heart
Time will tell about romantic situations
Recollections are my only friend
I'll call you, baby, when I reach my destination
Don't put a lock on my heart
Don't put a lock on my heart
Don't put a lock on my heart
We can arbitrate with sexy incantations
Fill the void like we used to do
Growin' old is just a minor complication
Don't put a lock on my heart
Don't put a lock on my heart
Don't put a lock on my heart
