Don't Need You

Smile Empty Soul

They always warned
Don't get caught up, you'll just get burned
The storm has come
To crumble my world to the groundSo now I'm cutting myself off
Am I really done with you?Yeah, yeah, get out
I don't need you anymore
Yeah, yeah, get out
I don't need you anymoreWe breathe as one
To feed the fiend that I've become
This is so hard
You help me cover all my scarsBut now I'm cutting myself off
Am I really done with you?Yeah, yeah, get out
I don't need you anymore
Yeah, yeah, get out
I don't need you anymoreYeah, yeah, get out
I don't need you anymore
Yeah, yeah, get out
I don't need you anymoreSomeday
We'll see a better, stronger me
Once I get the fuck away from
The fuck away from youYeah, yeah, get out
I don't need you anymore
Yeah, yeah, get out
I don't need you anymoreYeah, yeah, get out
I don't need you anymore
Yeah, yeah, get out
I don't need you anymore
