Getaway Car

My Favorite Highway

Do do do do do do do do x3
When I go outside
Will you wait out here in this getaway car?
When times are hard
We can escape
And if I lose my mind
Will you take me up in a shooting star
And we'll get real far
'Cause we'll never break

You see me in a state you see me make mistakes
As you leave
See me stand in the dark 'cause you don't need me
You see me at my worst, hurt me say some words
That I don't mean
I don't mean to break your heart
For we'll get away
Do do do do do do do do x3
When my lights are low
We must get away far

And we're traveling on this open road
And the cold wind blows
Will you come to me?
And when the sun is high
And we hear a dozen jets fly by
Will we touch the sky?
Touch the sky

You see me in a state you see me make mistakes
As you leave
See me stand in the dark 'cause you don't need me
You see me at my worst, hurt me say some words
That I don't mean
I don't mean to break your heart
For we'll get away
We must get away far

Paper planes will never turn us round
Business will never slow us down

We will never be seen on every dawn
'Cause we'll get away
In this getaway car
Oh get away
We must get away far
We'll get away
We must get away far
