Laid to Rest

Fight

You didn't give me what I craved for
Why did you tease me with desire
Now I'm hanging by a wireLaid to rest
Laid to restYou left me waiting in your darkness
Full of fear and full of pain
How can I ever be the sameLaid to rest
Laid to rest
Laid to rest
Laid to restSo I'm praying with devotion
That you'll take me for a ride
Let me fill you full of prideLaid to rest
Laid to rest
Laid to rest
Laid to restLaid to rest
Laid to rest
Laid to rest
Laid to rest
