

# Deep Love (Washes Whiter Album Version)

## Petra

We need Your deep love to keep us strong  
We need Your truth to show us right from wrong  
We need Your sweet peace to keep us calm  
We need Your comfort to show us we belong to You Sometimes we're like a river  
Always running from our source  
But when we wonder why we're almost runnin' dry  
You restore us and return us to our course Sometimes we get so desperate  
Straying further from the fold  
But when it seems that we're losing all our dreams  
There's a Shepherd with a loving hand to hold We need Your deep love to keep us strong  
We need Your truth to show us right from wrong  
We need Your sweet peace to keep us calm  
We need Your comfort to show us we belong to You Forgive us Lord  
For thinking we can make it  
Without You in this world We're so foolish, sometimes we're like a fortress  
With our walls built all around  
But then Your love comes shining down from above  
And we stand and watch our walls come tumbling down We need Your deep love to keep us strong  
We need Your truth to show us right from wrong  
We need Your sweet peace to keep us calm  
We need Your comfort to show us we belong to You We need Your deep love to keep us strong  
We need Your truth to show us right from wrong  
We need Your sweet peace to keep us calm  
We need Your comfort to show us we belong to You We need Your deep love to keep us strong  
We need Your truth to show us right from wrong
