Take my number I know you wanna take take it
Rip my number I know you wanna take take
Take my number I know you wanna take take it
Take my number I know you wanna take take Take my number in case he's not the one
Baby call me whenever he's acting up
And I'll be on my way
All these options on your plate
Girl just wait up
Just wait up Take my number in case he's not the one
(Here baby take it, here baby take it)
Baby call me whenever he's acting up
And I'll be on my way
All these options on your plate
Girl just wait up
(Just wait up, just wait up) Pretty face good body you must be somebody's wifey
You don't watch no other man I rate that highly
And when you're done with that wally come and find me
Take my number down and 079 me
I can turn that puddle to a fountain
You say you hate the fighting and shouting
You want Mr.Perfect and you ain't found him
You say you're loyal girl I love a chris-brownin
I wanna see your body in that maxi
Come over girl I'll put you in a taxi
Sorry baby I can't take you on no G4
But have you ever made love on the backseat
And I ain't tryna be no homewrecker
All I'm tryna say is that my homes better
Miss independent you a go getter
If you get lonely in this cold weather Take my number in case he's not the one
(Here baby take it, here baby take it)
Baby call me whenever he's acting up
And I'll be on my way
All these options on your plate
Girl just wait up
(Just wait up, just wait up) Girl let me keep it real
Let me not pretend
Everybody knows you're the baddest in the ends
Everybody knows that's your man in that Benz

You know a boys favorite line well lets just be friends
I'm just tryna be straight up
(I'm just tryna be straight up)
I can see beyond your make up
(I can see beyond your make up)
And you know I got my cake up
(And you know I got my cake up)
I'll be waiting when you break up, I'll never change up
Tell me when he's acting I can be your Will
You can be my Jada, we can keep it trill
You know I'm the type of guy to say it how I feel
Wanna know what's in my boxers I just tell her deal
(Yeah I just tell her deal)
And I ain't tryna be your homewrecker
All I'm tryna say is that my homes better
You do your thing and you a go getter
If you get lonely in this cold weather Take my number in case he's not the one
(Here baby take it, here baby take it)
Baby call me whenever he's acting up
And I'll be on my way
All these options on your plate
Girl just wait up
(Just wait up, just wait up) I find it hard
To let you leave without my number
Take my heart
'Cause in my absence you grow fonder
Tell me if you want it
I really want to kiss you goodnight
I really wanna go deep inside
I'mma leave you to figure it out Take my number in case he's not the one
(Here baby take it, here baby take it)
Baby call me whenever he's acting up
And I'll be on my way
All these options on your plate
Girl just wait up
(Just wait up, just wait up) Take my number I know you wanna take take it
Take my number I know you wanna take take
Take my number I know you wanna take take it
