Peter Cetera

[Chorus]

How many tears have you cried
How many eyes have you dried
How many ways have you tried
And don't you get tired of people sayin'
How many times, how many times

How many dream have been bad
How many nights have been sad
How many days have you had
When you get tired of people sayin'
How many times, how many times
How many times, how many times

[Chorus]

I said tired of people sayin'
Don't you get tired of people sayin'
How many times, how many times
How many times, how many times
How many times, times, times, times
Times, times, times, times, times
