

# Break It to My Heart

## Katherine Jenkins

If it's ok,  
I leave the bedlight on  
And place your water glass where it belongs  
And if it's alright  
I lie awake at night  
Pretending I am curled up at your side  
See I'm circling in these patterns  
Living out of memories  
Im still along way from accepting it  
But there's just no you and me  
CHORUS:  
But if I still believe you love me  
Maybe I'll survive  
So I tell myself you're coming home  
Like you've done a million times  
And if its alright  
I still be loving you  
Cuz I can't break it to my heart  
Is it just me  
Did I commit a crime  
I wouldn't believe that loving you is just a waste of time  
Was it in my head  
Reading into things you never said  
Cuz I still don't have the answers  
To why we couldn't work it out  
Want to think it's something that I did  
So I can turn it back around  
CHORUS I wanna convince myself were perfect in every single way  
Aslong as I can keep the truth away from my heart  
Ooohhh  
Cuz I can't break it to my heart  
Ooohhhhhh  
Cuz I still don't have the answers  
To why we couldn't work it out  
Want to think it's something that I did  
So I can turn it back around  
CHORUS
