

Nobody Don't Dance No More

Kano

So look, I'm in a dancing mood
So I hope you got on your dancin' shoes
If you ain't movin' I ain't askin' you
I can't stop and talk I'm just passin' you 'Cause all I'm askin' for is a fun night
I don't get a chance no more
You see that that's called a dancin' floor
It's like nobody don't dance no more It's like nobody don't dance no more
It's like nobody don't dance no more
Don't dance no more
It's like nobody don't dance no more
Dance no more These kids now days, they don't make them like they used to
They don't even dance in the raves like we used to
One finger skank and two steppin' in your new shoes
They just raise their gun fingers and see who they might move to And they don't appreciate music they can use
too
So if you ain't cuttin' it, don't chat shit I'll boo you
I just wanna see some people move to my new tune
'Cause these new youths have definitely got a screw loose Look, I'm in a dancin' mood
So I hope you got on your dancin' shoes
When you see me no I'm just passin' through
With a beverage maybe a glass or two All the man yeah, I'm askin' you
And the girls move your hips when your dancin' too
Come get together and dance in twos
DJ, we love that rusted tune You don't have to move too fast too
You can even do a slow wind like my aunts do
I'm telling you, you can dance to a dark tune
So don't say play suttin' a can dance to You can do it, don't say that you can't do
You can skank and still be this fit
They just need to be uplifted
'Cause kids nowadays have gotten twisted These kids now days, they don't make them like they used to
They don't even dance in the raves like we used to
One finger skank and two steppin' in your new shoes
They just raise their gun fingers and see who they might move to And they don't appreciate music they can use
too
So if you ain't cuttin' it, don't chat shit I'll boo you
I just wanna see some people move to my new tune
'Cause these new youths have definitely got a screw loose Look, I'm in a dancing mood
So I hope you've got on your dancing shoes
But don't think I'm one of them dancing dudes

I just got rid of my dancing tune But nobody don't dance no more
Enjoy yourself and start no war
Dance for the whole rave
Like venue there the good old days But ain't no rave better than the old raves
Shut Champagne and the low fade
Skank out heartless I'm old school
Love bug burden over you, it's overdue No hype no fighting over tunes
Ten guys on the mic all over you
No ravers just some rude girls
They don't make them like they used to These kids now days, they don't make them like they used to
They don't even dance in the raves like we used to
One finger skank and two steppin' in your new shoes
They just raise their gun fingers and see who they might move to And they don't appreciate music they can use
too
So if you ain't cuttin' it, don't chat shit I'll boo you
I just wanna see some people move to my new tune
'Cause these new youths have definitely got a screw loose It's like nobody don't dance no more
It's like nobody don't dance no more, dance no more
It's like nobody don't dance no more, dance no more
It's like nobody don't dance no more
It's like nobody don't dance no more
