## Hope

## **Descendents**

Why can't you see you torture me
You're already thinking about someone else
When he comes home you'll be in your arms and I'll be gone

But I know

My day will come

I know someday

I'll be the only one

So now you wait for his spark

You know it'll turn you on

He's gonna make you feel the way you want to feel When he starts to lie when he makes you cry you know I'll be there

My day will come

I know someday

I'll be the only one

Call me selfish call me what you like

I think it's right to want someone for all your own

and not to share her love

And I'll have my way and won't have to say anyway

I've got you

You didn't stand a chance

You want perfection

I see your self destruction

You don't know what you want

It's gonna take you years to find out

I'm not giving up

And when you've had enough you'll take your bruised little head And you'll come running back to me

You know that I'm gonna be the only one.
