

# Flirt

## Cameo

Flirt, flirt, flirt, flirt  
Yeah  
Oh, yeah  
Everyday is something new with you  
Give me time and I'll know what to do  
You're so frisky, love your style  
Can I play with you a while?  
Know you much better  
It's not an easy thing to do  
Such a flirt, yes you are  
A [Incomprehensible] style  
Flirt, flirt, flirt, flirt, yeah  
So, you like body too, you say  
It looks good in the mirror when you stay  
Very chic yet so unique  
From yours head down to your feet  
We know you much better  
Its not what you say or what you do  
Your shapely breast gives you flesh  
That seems to be your style  
Flirt, flirt, flirt, flirt, yeah  
Flirt, flirt, flirt, flirt, yeah
