

When the Sun Goes Down In Ga

Corey Smith

Fell in love at a glance
should've known I'd never have a chance
to be with you in the long run
You have a plan I am not in
You're going to move up north to live again whenever school is over
So I have to let you go
But before you leave me here
there is something you really should know

When the sun goes down in Georgia
I'll be drifting back in time wishing love could have changed your mind
When the moonlight shines through the pine trees
I'll get lost in memories dreaming you are here with me
Oh it's sad but true I'm just your love sick fool
So when the sun goes down in Georgia, oh I'll be missing you

I Bet you never had clue,
but I'd do anything to be with you
I'd leave this place in a heart beat
I'd move away from my sweet home
just to be your faithful tag along
I'd follow you forever
But if you're better left alone
I'll do my best to understand, still my love will linger on

Cause when the sun goes down in Georgia
I'll be drifting back in time wishing love could've changed your mind
when the moonlight shines through the pine trees
I'll get lost in memories dreaming you are here with me
Oh it's sad but true, I'm just your love sick fool
So when the sun goes down in Georgia, oh I'll be missing you
Oh it's sad but true
I'm just your love sick fool
so when the sun goes down in Georgia
I'll be missing you
I'll be missing you
