Halloween II

Samhain

How do you like it so far? GiddyapI am your power and your pain
I'll make you gallop at my pace
Human pony girlI am the monkey on your back
And we're going for a ride home
Human pony girlYour nights are a season at my command
Human pony girl, heeyah
This is my highway, no limit enforced
There is no law, justFeel my spur sink in your flank
Feel it, feel it, pony
Stomach sweat in your spine
Belly up, shoulders down, ponyGonna take you someplace you ain't never been
That's right, only you ain't never comin' backI am the monkey on your back
I'm gonna ride you home
Little pony girlI am the monkey on your back
I'm gonna break you home
Little pony girlI am your power and your pain
I'm gonna make you race
Human pony girl, giddyapGonna take you someplace you ain't never been
That's right, only you ain't never comin' back
Gonna take you someplace you ain't never been
That's right, only you ain't never comin' back, giddyapI am your power and your pain
I'll make you gallop at my pace
Human pony girlThis is my highway, girl
There is no limit
Your nights are a season at my command
My little pony girl, feel itStomach sweat in your spine
Belly up, shoulders down
Pony, human, human pony girl, human, you girl
