The WorM

Saintone

Was a time early in life
When I hated everything
Born too young, top of my lungs
Sitting on the bottom rung
Took advice from the wrong shoulder
Took a lot of everything
I've decided
To make it alright with my
Halo, I'm complete
Halo with me underneath
Halo, I'm reborn
I can do no wrong
Black and blue, sufferin' fools
By the age of seventeen
Low and high, just one more time
Felt like an eternity
Right or wrong, never too strong
Friends became my enemies
God forsaken
But never too late with my
Halo, I'm complete
Halo with me underneath
Halo, I'm reborn
I can do no wrong
You'll never change
You'll never change
Halo, I'm complete
Halo with me underneath
Halo, I'm reborn
I can do no
Halo, I'm complete
Halo with me underneath
Halo, I'm reborn
I can do no wrong
