

Civil War (Tripping In Boot Camp Mix)

Funker Vogt & Velvet Acid Christ

They fight against each other
Killing people of their own blood
For some very stupid reasons
Call it civil war They fight for their religion
Wanna people make believe
That there is just one direction
Call it civil war Civil war all over the land
Everything is destroyed
Soldiers are dying in the sand
Our cities are all void
They kill their former neighbor
Sometimes even an old friend
They go nuts in their blind rage
This is civil war Civil war all over the land
Everything is destroyed
Soldiers are dying in the sand
Our cities are all void So look at all these countries
And try to get their point of view
Why they are so eager
In killing each others
Civil war all over the land
Everything is destroyed
Soldiers are dying in the sand
Our cities are all void
