

Keep on Running

The Living End

[Verse 1]

Standing still

Life rolls on

Old men die

Young stay strong

The world goes round and upside down again

But all will be ok my friend

All will be ok my friend

There will be rain

And sunny days

It's all the same

Shelter might change

The world goes round and upside down again

But all will be ok my friend

All will be ok my friend[Hook]

Without a heart you're nothing

Without a dream you're lost

You gotta keep on running

Gotta keep on running

Without a heart you're nothing

And if all seems lost

Just gotta keep on running

Gotta keep on running

[Verse 2]

I have walked a thousand days

Life's too short, don't be afraid

You are who you were always meant to be

You will have everything you need

Cause all will be ok, you'll see[Hook]

Without a heart you're nothing

Without a dream you're lost

You gotta keep on running

Gotta keep on running

Without a heart you're nothing

And if all seems lost

Just gotta keep on running

Gotta keep on running[Verse 3]

Standing still

Life goes on

Old men die
Young stay strong
The world goes round and upside down again
And all will be ok my friend
All will be ok my friend
