

# Now Is Here

## Clannad

With the sun light through  
Departed into darkness  
I need someone too  
The fantasy and you Now is here, here is now  
Na, na, na, na  
You inspire, peace and heart  
Na, na, na, na With the words like air  
The destiny we share  
Is a dream come true  
The fantasy and you Now is here, here is now  
Na, na, na, na  
You inspire, peace and heart  
Na, na, na, na
