

# My Boo (feat. Alicia Keys)

## Usher

There's always that one person  
That will always have your heart  
You never see it coming cause  
You're blinded from the start  
Know that you're that one for me  
It's clear for everyone to see  
Ooh baby, you will always be my boo  
I don't know about y'all  
But I know about us and uhh  
It's the only way we know how to rock  
Do you remember girl, who was  
The one who gave you your first kiss  
Cause I remember girl who was the one  
Who said put your lips like this  
Even before all the fame and people screaming your name  
Girl I was there and you were my baby  
It started when we were younger and you were mine (my boo)  
Now another brothers' taken over but its'  
Still in your eyes (my boo)  
Even though we use to argue it's alright  
(It's alright girl, that's okay)  
And if we haven't seen each other in a while  
But you will always be my boo I loved you when we were younger you were mine  
And when I see from time to time I still feel like  
And if I see you no matter how I try to hide  
And even though there's another man who's in my life, you will always be my boo Yes I remember boy, cause  
after we  
Kissed I could only think about your lips  
Yes I remember boy  
That you were the one I wanted to spend my life with  
Even before all the fame and people screaming your name  
I was there and you were my baby  
It started when we were younger and you were mine (my boo)  
Now another brothers' taken over but its'  
Still in your eyes (my boo)  
Even though we use to argue it's alright  
(It's alright girl, that's okay)  
And if we haven't seen each other in a while  
But you will always be my boo It started when we were younger and you were mine (my boo)

And see from time from time I still feel like(my boo)

See no matter how I try to hide

(It's alright now, it's okay)

Even though there's another man in my life

You will always be my booMy ooh my ohh my ohh my ohh my boo

my ooh my ohh my ohh my ohh my booIt started when we were younger and you were mine (my boo)

Now another brothers' taken over but its'

Still in your eyes (my boo)

Even though we use to argue it's alright

(It's alright, it's okay)

And if we haven't seen each other in a while

But you will always be my booI don't know about y'all

But I know about us and uhh

It's the only way we know how to rock

I don't know about y'all

but I know about us and uhh

it's the only way we know how to rock
