

# Transits

## Bonobo

Youâ€™ll never know  
Only my soul  
Bares the truth  
Cares for you  
Only my soul  
Youâ€™ll never see  
Stays here with me  
Overload, nothing more  
Only my soul

Knew you were ready  
Because you had no answers for me

Take me back to where love grows  
I don't want to be here anymore
