Hypocriscene

Leng Tch'e

[lyrics : Sven and Isaac]Your life, nothing but a facade
your mouth, filled with empty words
never true to yourself, the question is why
preaching ideologies that are not yours
sprend your bullshit in your hypocriscene
big mouthed bastard, stay the fuck away from meTwo-faced bastard, still you preach
too idiotic to build your own thoughts
jump on every trend, shallow minded fool
do whatever youy friends think is cool
criticizing and backstabbing everyone
say that you can do everything better
but at least they are active in our scene
while you're hypocrite sitting on your lazy assWhy can't you be yourself,
achieve personality
this scene is not about elitism
it's about freeing your own thoughtsHypocriscene!
